EXPLANATORY NOTE

“SinoCubate, Inc.,” “SinoCubate,” “we,” “us,” or “our,” “Successor” and the “Company” are references to the business of Viking Investments Group, Inc., a Nevada corporation formerly known as SinoCubate, Inc. On June 13, 2012, the Company changed its name from SinoCubate, Inc. to Viking Investments Group, Inc., and effective July 16, 2012, The Financial Industry Regulatory Authority (“FINRA”) approved this name change.

The financial statements for the years ended December 31, 2011 are being restated, and this Annual Report on Form 10-K is being amended, to correct an error in the previously reported items: long term investment, additional paid in capital, net loss, impairment loss in long term investment, and basic and diluted income per common share.

The restatements are being made in accordance with ASC 250, “Accounting Changes and Error Corrections.” The disclosure provision of ASC 250 requires a company that corrects an error to disclose that its previously issued financial statements have been restated, a description of the nature of the error, the effect of the correction on each financial statement line item and any per share amount affected for each prior period presented, and the cumulative effect on retained earnings (deficit) in the statement of financial position as of the beginning of the each period presented.

The effects of the adjustments on the Company’s previously issued 2011 consolidated financial statement are summarized as follows:

The Company initially recorded its holdings of the China Wood Shares (defined hereinafter) at its fair value of \$5,065,838 at the date of the transaction, and the Company relied upon Viking Nevis's (defined hereinafter) Guaranty and Repurchase Agreement (defined hereinafter) to determine the value of China Wood Shares, in which Viking Nevis, on April 11, 2012, guaranteed that the price per share of the China Wood Shares that it had previously sold to the Company in consideration of the Company issuing Viking Nevis 14,481,420 shares of Company common stock, would not be less than \$4.50 per share and agreed to repurchase the China Wood Shares by tendering shares of common stock of the Company owned by Viking Nevis to the Company if the 45-day volume weighted average price ("VWAP") of the China Wood Shares was equal to or less than US\$4.00 per share. Accordingly, the Company valued the China Wood Shares at \$4.00/share and an impairment loss of \$2,798,586 was recognized in the Company's previously issued consolidated financial statements for the year ended December 31, 2011.

During the three month period ended June 30, 2013, the Company re-visited the accounting treatment for the above transactions, and determined that the exchange of China Wood Shares was a nonmonetary transaction and, therefore, should be accounted under ASC 845, "Nonmonetary Transactions." The Company further determined that the exchange of shares had no commercial substance due to the fact that the Company's future cash flows were not expected to significantly change as a result of the exchange of the shares. Therefore, the Company has now recorded the value of the China Wood Shares at their carrying value on the transaction date, and the excess of the fair value of purchase consideration over the assets purchased has been charged to additional paid in capital. On December 31, 2011, the China Wood shares were fully impaired and charged to the income statements.

NOTE REGARDING FORWARD LOOKING STATEMENTS

This Annual Report on Form 10-K contains statements that constitute "forward-looking statements." These forward-looking statements can be identified by the use of predictive, future-tense or forward-looking terminology like "believes," "anticipates," "expects," "estimates," "may," or similar terms. These statements appear in a number of places in this annual report and include statements regarding the Company's intent, belief or current expectations and those of its directors or officers with respect to, among other things: (i) trends affecting its financial condition or results of operations, (ii) its business and growth strategies, and (iii) its financing plans. You are cautioned that forward-looking statements are not guarantees of future performance and involve significant risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements as a result of various factors. Factors that could adversely affect actual results and performance include, among others, the Company's need for additional capital, its history of losses, the intense competition the Company faces in its business, the fact that its stock is a "penny stock" and the other material risks described under "Risk Factors". The accompanying information contained in this annual report, including, without limitation, the information set forth under the heading "Item 1. Business" identifies important additional factors that could materially adversely affect actual results and performance. You are urged to carefully consider these factors. All forward-looking statements attributable to us are expressly qualified in their entirety by the foregoing cautionary statement.

PART I

Item 1. Business

The Registrant, SinoCubate, Inc., is sometimes referred to hereinafter as “SinoCubate” or the “Company.” The Company was incorporated under the laws of the State of Florida on May 3, 1989 as Sparta Ventures Corp. and remained inactive until June 27, 1998. The name of the Company was changed to Thermal Ablation Technologies Corporation on October 8, 1998 and then to Poker.com, Inc. on August 10, 1999. On September 15, 2003, the Company changed its name to LegalPlay Entertainment Inc. and on November 8, 2006, the name of the Company was changed to Synthenol Inc. Effective November 3, 2008, the Company merged with and into a wholly-owned subsidiary, SinoCubate, Inc., which remained the surviving entity of the merger. SinoCubate was formed in the State of Nevada on September 11, 2008. The merger resulted in a change of name of the Company from Synthenol Inc. to SinoCubate, Inc. and a change in the state of incorporation of the Company from Florida to Nevada.

On June 29, 2011, and on August 29, 2011, Viking Investments Group, LLC, a company controlled and managed by the Company’s Chairman, Chief Executive Officer and President, Tom Simeo, incorporated under the laws of The Federation of St. Kitts and Nevis (“Viking Nevis”), sold 100,000 and 466,813 shares respectively of China Wood, Inc., publicly listed in the United States with the ticker “CNWD”, (the “China Wood Shares”) owned by Viking Nevis, in exchange for 1,912,000 and 12,569,420 newly issued restricted shares of SinoCubate respectively (the SinoCubate Shares”). On August 29, 2011, the Company acquired, from Tom Simeo, the Company’s Chairman, Chief Executive Officer and President, Viking Investments Group, LLC, incorporated in Delaware (“Viking Delaware”) for a value of One Hundred Dollars (\$100). By August 29, 2011, Viking Nevis completed the purchase of the China Wood Shares by having delivered a total of 566,813 shares of common stock in China Wood, Inc. to the Company. The China Wood Shares were registered in a Form S-1 Registration Statement declared effective by the SEC on April 7, 2011. The China Wood Shares are subject to a “Leak-Out Provision” whereby only a certain amount of shares can be sold per month up and until the first anniversary of the effective day of the aforementioned registration statement, April 7, 2012. On December 31, 2011, the China Wood shares were fully impaired and charged to the income statements.

The Company’s current business plan is to provide incubate resources and services to support the successful development of late stage, non-publicly-listed companies based in the United States and emerging growth countries with the ultimate goal and endeavor for them to become publicly listed in the United States. This incubate service includes financing, professional advisory services, board member services, CFO services, corporate governance advice and general corporate management advisory services to entrepreneurs and their advisers in consideration for a fee, comprised of either cash or equity, or a combination of both (hereinafter referred to as a “Transaction” or plural “Transactions”). It is believed that successful completion of a business incubation program increases the likelihood that a company will stay in business for the long term. SinoCubate is neither an underwriter as the term is defined in Section 2(a)(11) of the Securities Act of 1933, nor an investment company pursuant to the Investment Company Act of 1940. SinoCubate is not an investment adviser pursuant to the Investment Advisers Act of 1940. SinoCubate is not registered with FINRA or SIPC.

This is a new direction for SinoCubate. Previously, SinoCubate's business plan had been focused on investigating and then, if deemed economically feasible, entering into contractual arrangements with entities that would have enabled SinoCubate to either purchase outright the assets and and/or business operations of such entities or to enter into business arrangements, such as joint ventures or similar other combinations with those entities. SinoCubate does not expect to see immediate economic results from its development and, ultimately, there can be no guarantee that the business model will develop to become successful and/or profitable.

On November 25, 2011, and on December 12, 2011, the Company entered into binding Letter of Intents with two new Chinese clients located in Beijing and Shanghai to provide those clients consulting and general business development services, including consultation regarding potential stock listings through reverse mergers in the United States. The Beijing client operates over 100 retail stores selling women's underwear. In addition to adding up to 200 more stores in the next two years, the client plans to establish a comprehensive online presence. The Shanghai client, a restaurant and tea house company, operates close to 130 stores in Shanghai and the Hunan province. The client plans to add 50 more stores per year during the next three years and to build a central kitchen serving 300 stores. Upon completion of the listing in the United States, the Company will own a stake in both of those clients.

On January 18, 2012, the Company signed an engagement letter with a new Chinese client located in Zhejiang Province to provide consulting and general business services, including consultation regarding potential stock listings via through a reverse merger in the United States. This client is in the apparel business and owns 3 clothing factories, several name brands and operates multiple retail stores in China, and exports some of its products to Russia, the United States, and other foreign countries. The client plans to increase its production facility, establish a comprehensive online presence and increase its retail chain in China, and to establish retail stores in the United States. Upon completion of the listing in the United States, the Company will own a stake in this client.

Item 1A. Risk Factors

There are several material risks associated with the Company. You should carefully consider the risks and uncertainties described below, which all constitute material risks relating to the Company. If any of the following risks are realized, the Company's business, operating results and financial condition could be harmed. This means investors could lose all or a part of their investment.

Conflicts of Interest

Certain conflicts of interest may exist between the Company and its Chief Executive Officer and Chairman, and its principal shareholder, Viking Nevis. Tom Simeo is also the principal officer of Viking Nevis. As a result, conflicts of interest may arise that can be resolved only through exercise of such judgment as is consistent with fiduciary duties to the Company. See "Certain Relationships and Related Transactions."

Need for Additional Financing

The Company currently has limited funds and the lack of additional funds may negatively impact the Company's ability to pursue its business strategy of providing incubating services, to include financing, professional advisory services, board member services, CFO services, corporate governance and general corporate management to entrepreneurs seeking to enter the capital markets in the US and elsewhere, or to acquire or enter into contractual arrangements with an entity to either acquire such entity or to enter into a contract arrangement that will enable the Company to manage such an entity. Even if the Company's funds prove to be sufficient to provide such services or to acquire an interest in, or complete a transaction with, an entity, the Company may not have enough capital to exploit the opportunity. The ultimate success of the Company may depend upon its ability to raise additional capital. The Company may investigate the availability, source, or terms that might govern the acquisition of additional capital but will not do so until it determines a need for additional financing. If additional capital is needed, there is no assurance that funds will be available from any source or, if available, that they can be obtained on terms acceptable to the Company. If not available, the Company's operations will be limited to those that can be financed with its modest capital.

Regulation of Penny Stocks

The Company's securities may be subject to a SEC rule that imposes special sales practice requirements upon broker-dealers who sell such securities to persons other than established customers or accredited investors. For purposes of the rule, the phrase "accredited investors" means, in general terms, institutions with assets in excess of \$5,000,000, or individuals having a net worth, or joint net worth with spouse, in excess of \$1,000,000 excluding the value of the person's primary residence or having an annual income that exceeds \$200,000 (or that, when combined with a spouse's income, exceeds \$300,000). For transactions covered by the rule, the broker-dealer must make a special suitability determination for the purchaser and receive the purchaser's written agreement to the transaction prior to the sale. Consequently, the rule may affect the ability of broker-dealers to sell the Company's securities and also may affect the ability of purchasers in this offering to sell their securities in any market that might develop.

In addition, the SEC has adopted a number of rules to regulate "penny stocks." Such rules include Rules 3a51-1, 15g-1, 15g-2, 15g-3, 15g-4, 15g-5, 15g-6, 15g-7, and 15g-9 under the Securities Exchange Act of 1934, as amended or the Exchange Act. Because the securities of the Company may constitute "penny stocks" within the meaning of the rules, the rules would apply to the Company and to its securities. The rules may further affect the ability of owners of shares to sell the securities of the Company in any market that might develop for them.

Shareholders should be aware that, according to SEC, the market for penny stocks has suffered in recent years from patterns of fraud and abuse. Such patterns include (i) control of the market for the security by one or a few broker-dealers that are often related to the promoter or issuer; (ii) manipulation of prices through prearranged matching of purchases and sales and false and misleading press releases; (iii) "boiler room" practices involving high-pressure sales tactics and unrealistic price projections by inexperienced sales persons; (iv) excessive and undisclosed bid-ask differentials and markups by selling broker-dealers; and (v) the wholesale dumping of the same securities by promoters and broker-dealers after prices have been manipulated to a desired level, along with the resulting inevitable collapse of those prices and with consequent investor losses.

Lack of Operating History

Even though providing incubate services is an area that the Company's CEO is experienced in, the Company has only recently refocused its efforts on providing incubate services to companies in the United States and emerging growth countries. Due to the special risks inherent in the implementation of a new business emphasis and plan, the Company must be regarded as a new or start-up venture with all of the unforeseen costs, expenses, problems, and difficulties to which such ventures are subject.

No Assurance of Success or Profitability, Especially in Light of the Likely Volatility of foreign Capital Markets

There is no assurance that the Company will be able to successfully implement its business plan and provided the contemplated services to its client companies. Even if the Company should be successful in providing its services to its client companies, there is a risk that developments regarding the political climate or capital markets in foreign countries could negatively impact our revenues, and there is no assurance that we will generate revenues or profits, or that the market price of the Company's common stock will be increased thereby.

Impracticality of Exhaustive Investigation

The Company has limited or no funds and, this, coupled with the lack of full-time management will likely make it impracticable to conduct a complete and exhaustive investigation and analysis of its opportunities with respect to its prospective client companies. Decisions will therefore likely be made without detailed feasibility studies, independent analysis, market surveys and the like which, if the Company had more funds available to it, would be desirable. The Company will be particularly dependent in making decisions upon information provided by its prospective client's promoter, owner, sponsor, or others associated with the business opportunity seeking the Company's participation. A significant portion of the Company's available funds may be expended for investigative expenses and other expenses related to preliminary aspects of providing incubate services to clients, and potential profits would therefore be lessened.

Lack of Diversification

Because of the limited financial resources that the Company has, it is unlikely that the Company will be able to diversify its acquisitions or operations. The Company's probable inability to diversify its activities into more than one area will subject the Company to economic fluctuations within a particular business or industry and therefore increase the risks associated with the Company's operations.

Reliance upon Financial Statements

The Company generally will require audited financial statements from companies with which it seeks to enter into a contractual arrangement. In cases where no audited financials are available, the Company will have to rely upon interim period unaudited information received from a prospective client company's management that has not been verified by outside auditors. The lack of the type of independent verification which audited financial statements would provide increases the risk that the Company, in evaluating a contractual arrangement with such a company, will not have the benefit of full and accurate information about the financial condition and recent interim operating history of that company. This risk increases the prospect that the contractual arrangement with such a company might prove to be an unfavorable one for the Company or the holders of the Company's securities.

Moreover, the Company will be subject to the reporting provisions of the Exchange Act, and thus will be required to furnish certain information about significant contractual arrangements, including audited financial statements for any business with which it enters into a contractual arrangement for control. Consequently, prospects that do not have, or are unable to provide reasonable assurances that they will be able to obtain, the required audited statements would not be considered by the Company to be appropriate clients so long as the reporting requirements of the Exchange Act are applicable. Should the Company, during the time it remains subject to the reporting provisions of the Exchange Act, complete into a contract for control of an entity for which audited financial statements prove to be unobtainable, the Company would be exposed to enforcement actions by the SEC and to corresponding administrative sanctions, including permanent injunctions against the Company and its management. The legal and other costs of defending an SEC enforcement action would have material, adverse consequences for the Company and its business. The imposition of administrative sanctions would subject the Company to further adverse consequences. In addition, the lack of audited financial statements would prevent the securities of the Company from becoming eligible for listing on NASDAQ, or on any existing stock exchange.

Moreover, the lack of such financial statements is likely to discourage broker-dealers from becoming or continuing to serve as market makers in the securities of the Company. Without audited financial statements, the Company would almost certainly be unable to offer securities under a registration statement pursuant to the Securities Act of 1933 or the Securities Act, and the ability of the Company to raise capital would be significantly limited until such financial statements were to become available.

Other Regulation

A contractual arrangement for acquisition of equity ownership of or control may be of a company that is subject to rules and regulation by federal, state, local or foreign authorities. Compliance with such rules and regulations can be expected to be a time-consuming, expensive process and may limit other opportunities of the Company.

Limited Participation of Management

The Company is heavily dependent upon the skills, talents, and abilities of its Chief Executive Officer, Mr. Simeo, who currently has other business interests, to manage and implement its business plan.

Lack of Continuity in Management

The Company does not have any employment agreements with Chief Executive Officer, Mr. Simeo, and as a result, there is no assurance Mr. Simeo will continue to be associated with the Company in the future. In connection with future business opportunities, it is possible that Mr. Simeo may resign as an officer and director of the Company subject to compliance with Section 14f of the Exchange Act. A decision to resign will be based upon the identity of the business opportunity and the nature of the transaction and is likely to occur without the vote or consent of the stockholders of the Company.

No Independent Audit Committee

The Company does not have an independent Audit Committee of its Board of Directors. The entire Board of Directors functions as the Company's Audit Committee. The Sarbanes-Oxley Act of 2002, as amended or the SOX and rules and regulations adopted by the SEC to implement the SOX impose certain standards on listed companies relative to the maintenance and operations of Board of Directors Audit Committees, including but not limited to the requirement that Audit Committees be appointed, that membership of such committees comprise only independent directors, that a financial professional be among the membership of such committee and that such committee be afforded an adequate operating budget and be able to employ independent professional advisors. The SOX also requires that the Audit Committee oversee the work of a company's outside auditors and that the outside auditors be responsible to the Audit Committee. At this time, the Company is not in compliance with the requirements of the Sarbanes-Oxley Act as they relate to independent Board of Directors Audit Committees. The Company believes that under rules and regulations adopted by the SEC to implement these provisions of the SOX it is not required to comply with its requirements relating to the appointment of an Audit Committee of its Board of Directors and conforming with the enumerated standards and guidelines because the Company is not a "Listed Company" as defined therein. Notwithstanding, the Company may ultimately be determined not to be in compliance therewith and may therefore face penalties and restrictions on its operations until it comes into full compliance. Additionally, the Company's failure to comply with the provisions of the SOX could preclude it from being listed on NASDAQ or any other stock exchanges until it can show that it is in compliance. The Company's failure to be in compliance with the SOX could also present an impediment to a potential business combination where the target company intends that the Company apply for listing on NASDAQ or any other applicable stock exchanges.

Indemnification of Officers and Directors

Nevada statutes provide for the indemnification of the Company's directors, officers, employees, and agents, under certain circumstances, against attorney's fees and other expenses incurred by them in any litigation to which they become a party arising from their association with or activities on behalf of the Company. The Company will also bear the expenses of such litigation for any of its directors, officers, employees, or agents, upon such person's promise to repay the Company if it is ultimately determined that any such person shall not have been entitled to indemnification. This indemnification policy could result in substantial expenditures by the Company which it may be unable to recoup.

Dependence upon Outside Advisors

To supplement the Company's officers, directors and principal shareholders, the Company may be required to employ accountants, technical experts, appraisers, attorneys, or other consultants or advisors. The selection of any such advisors will be made by the Company without any input from stockholders. Furthermore, it is anticipated that such persons may be engaged on an "as needed" basis without a continuing fiduciary or other obligation to the Company. In the event the Company considers it necessary to hire outside advisors, such persons may be affiliates of the Company, if they are able to provide the required services.

No Foreseeable Dividends

The Company has not paid dividends on its common stock and does not anticipate paying such dividends in the foreseeable future.

Loss of Control by Present Management and Shareholders

The Company may consider, as consideration for future business opportunities, an amount of the Company's authorized but unissued common stock that would, upon issuance, represent the great majority of the voting power and equity of the Company. The result would be that another company's stockholders and management would control the Company, and the Company's Board of Directors and management could be replaced by persons unknown at this time. Such a merger would result in a greatly reduced percentage of ownership of the Company by its current shareholders.

Rule 144 Sales

The majority of the outstanding shares of common stock held by present stockholders are "restricted securities" within the meaning of Rule 144 under the Securities Act. As restricted shares, these shares may be resold only pursuant to an effective registration statement or under the requirements of Rule 144 or other applicable exemptions from registration under the Securities Act and as required under applicable state securities laws. Rule 144 in general requires restricted securities to be held for a particular length of time, and prescribes the conditions which must be satisfied prior to the sale of the securities. Under new amendments to Rule 144, if an issuer of securities, such as the Company, has been subject to reporting requirements of Section 13 or 15(d) of the Exchange Act for at least 90 days, then the restricted securities of such issuer are subject to a six-month holding period. Under the amendments, a non-affiliate that has held restricted securities of a reporting issuer for more than six months but less than one year can resell the securities in reliance on Rule 144, if current information is available for the issuer. After one year, the non-affiliate may freely resell the restricted securities without regard to any Rule 144 condition. A non-affiliate of a non-reporting issuer must hold the securities for one year before any public resale. After one year, a non-affiliate may freely resell such securities without regard to Rule 144 conditions. Under the new amendments, Rule 144 is not available for the resale of securities initially issued by a shell company (reporting or non-reporting) or a former shell company unless certain conditions detailed under Rule 144 are met. A sale under Rule 144 or under any exemption from the Securities Act, if available, or pursuant to subsequent registration of shares of common stock of present stockholders, may have a depressive effect upon the price of the Company's common stock.

Other Information

Neither the Company nor any of its subsidiaries engaged in any research and development activities during 2011. The Company does not manufacture any products or engage in any activity that requires compliance with environmental laws.

Employees

The Company, through its wholly owned subsidiary, Viking Delaware, employs approximately 10 people involved in business development, business analysis, financial consulting, execution and support of the Company's business.

Reports to Securities Holders

The Company provides an annual report that includes its audited financial information to its shareholders upon written request. The Company also makes its financial information equally available to any interested parties or investors through compliance with the disclosure rules of the Exchange Act. The Company is subject to disclosure filing requirements including filing a Form 10-K annually and Form 10-Q quarterly. In addition, the Company will file Form 8-K and other proxy and information statements from time to time as required.

In preparing the management’s discussion and analysis, the registrant presumes that you have read or have access to the discussion and analysis for the preceding fiscal year.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This document includes “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended or the Reform Act. All statements other than statements of historical fact are “forward-looking statements” for purposes of federal and state securities laws, including, but not limited to, any projections of earning, revenue or other financial items; any statements of the plans, strategies and objectives of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions of performance; and statements of belief; and any statements of assumptions underlying any of the foregoing. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following: the Company’s ability to raise capital and the terms thereof; and other factors referenced in the Form 10-K.

The use in this Form 10-K of such words as “believes”, “plans”, “anticipates”, “expects”, “intends”, and similar expressions are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. These forward-looking statements present the Company’s estimates and assumptions only as of the date of this report. Except for the Company’s ongoing obligation to disclose material information as required by the federal securities laws, the Company does not intend, and undertakes no obligation, to update any forward-looking statements.

Although the Company believes that the expectations reflected in any of the forward-looking statements are reasonable, actual results could differ materially from those projected or assumed or any of the Company’s forward-looking statements. The Company’s future financial condition and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties.

PLAN OF OPERATIONS

Overview

The Company's current business plan is to provide incubate resources and services to support the successful development of late stage, non-publicly-listed companies based in the United States and emerging growth countries with the ultimate goal and endeavor for them to become publicly listed in the United States. This incubate service include financing, professional advisory services, board member services, CFO services, corporate governance advice and general corporate management advisory services to entrepreneurs and their advisers in consideration for a fee, comprised of either cash or equity, or a combination of both (hereinafter referred to as a "Transaction" or plural "Transactions"). It is believed that successful completion of a business incubation program increases the likelihood that a company will stay in business for the long term. SinoCubate is neither an underwriter as the term is defined in Section 2(a)(11) of the Securities Act of 1933. SinoCubate is not an investment company pursuant to the Investment Company Act of 1940. SinoCubate is not an investment adviser pursuant to the Investment Advisers Act of 1940. SinoCubate is not registered with FINRA or SIPC.

This is a new direction for SinoCubate. Previously, SinoCubate's business plan had been focused on investigating and then, if deemed economically feasible, entering into contractual arrangements with entities that would have enabled SinoCubate to either purchase outright the assets and and/or business operations of such entities or to enter into business arrangements, such as joint ventures or similar other combinations with those entities. SinoCubate does not expect to see immediate economic results from its development and, ultimately, there can be no guarantee that the business model will develop to become successful and/or profitable.

Going Concern Qualification

The Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan in place to address this concern but considers that the Company will be able to obtain additional funds by equity financing and/or related party advances; however there is no assurance of additional funding being available.

RESULTS OF CONTINUING OPERATIONS

The following discussion of the consolidated financial condition and results of operation of the Company should be read in conjunction with the consolidated financial statements and the related Notes included elsewhere in this Report.

At December 31, 2011, the Company had a holding of 566,813 shares of China Wood, with the open market bid price at December 31, 2011 of US\$6 per share with an aggregate value of approximately US\$3,400,878. The stock is currently illiquid, the Company has valued the stock at \$0.00 per share as of December 31, 2011.

Revenue

The Company had no net sales at December 31, 2011 or December 31, 2010.

Expenses

The operating expenses were \$3,106,230 in the year ended December 31, 2011, compared with \$25,198 for the corresponding period in 2010. The increase was mainly due to office rental fees, wages, the office expenses and impairment loss on long-term investment.

Net Loss

The Company incurred a net loss of \$3,106,230 in the year ended December 31, 2011, compared with net loss of \$25,198 in the year ended December 31, 2010. The increase in net loss was mainly due to rental fees, wages and the office expenses.

Off Balance Sheet Arrangements

The Company does not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on its financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity or capital expenditures or capital resources that is material to an investor in the Company's securities.

Seasonality

The Company' operating results are not affected by seasonality.

Inflation

The Company's business and operating results are not affected in any material way by inflation.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of
SinoCubate, Inc.
(A Development Stage Company)

We have audited the accompanying consolidated balance sheets of SinoCubate, Inc. (the "Company") as of December 31, 2011 and 2010, and the related statements of operations, comprehensive loss, statement of stockholders' deficiency, and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of the Company from the date of inception to December 31, 2007, which statements reflect cumulative total assets of \$66,273 and cumulative expenses of \$1,057,305 for the period from inception to December 31, 2007. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the cumulative financial information from inception of the development stage on January 1, 2004 to December 31, 2007, is based solely on the report of the other auditor.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2011 and 2010 and the results of its operations and its cash flows for the years then ended and for the period from inception of the development stage on January 1, 2004 to December 31, 2011 in conformity with generally accepted accounting principles in the United States of America.

As discussed in Note 2, the accompanying financial statements as of and for the year ended December 31, 2011 were restated for the correction of an error.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company is a development stage company, and has no established source of revenue. Management's plans regarding these matters are also disclosed in Note 1. The conditions raise substantial doubt about its ability to continue as a going concern. These financial statements do not include any adjustments that might result from the outcome of these uncertainties.

The accompanying notes are an integral part of these consolidated financial statements.

Note 1 Nature of Business and Going Concern

The Company was incorporated under the laws of the State of Florida on May 3, 1989 as Sparta Ventures Corp. and remained inactive until June 27, 1998. The name of the Company was changed to Thermal Ablation Technologies Corporation on October 8, 1998 and then to Poker.com, Inc. on August 10, 1999. On September 15, 2003, the Company changed its name to LegalPlay Entertainment Inc. and on November 8, 2006, the name of the Company was changed to Synthenol Inc. Effective November 3, 2008, the Company merged with and into a wholly-owned subsidiary, SinoCubate, Inc., which remained the surviving entity of the merger. SinoCubate was formed in the State of Nevada on September 11, 2008. The merger resulted in a change of name of the Company from Synthenol Inc. to SinoCubate, Inc. and a change in the state of incorporation of the Company from Florida to Nevada.

Since November 2008, the Company has sought to enter into contractual arrangements with entities that allow the Company to either purchase outright the assets and/or business operations of such entities or to enter into business arrangements, such as joint ventures or similar combinations with such entities to manage and operate such entities. The Company is a development stage company as defined by the Financial Accounting Standards Board *Accounting Standards Codification*, or FASB ASC 915, "Development Stage Entities."

On August 29, 2011, the Company acquired from Tom Simeo, the Company's Chairman, Chief Executive Officer and President, Viking Investments LLC, incorporated in Delaware ("Viking Delaware") for a nominal value of One Hundred Dollars (\$100). At the time of the acquisition, except for a lease obligation related to the Company's office, located at Kerry Centre, 1515 West Nanjing Road, Suite 1002, Shanghai, P.R. China, 200040, Viking Delaware had no assets and no liabilities.

On June 29, 2011, and on August 29, 2011, Viking Investments Group, LLC, a company controlled and managed by the Company's Chairman, Chief Executive Officer and President, Tom Simeo, incorporated under the laws of The Federation of St. Kitts and Nevis, ("Viking Nevis") sold 100,000 and 466,813 shares respectively of China Wood, Inc., publicly listed in the United States with the ticker "CNWD", (the "China Wood Shares") owned by Viking Nevis, in exchange for 1,912,000 and 12,569,420 newly issued restricted shares of SinoCubate respectively (the SinoCubate Shares"). On August 29, 2011, the Company acquired from Tom Simeo, the Company's Chairman, Chief Executive Officer and President, Viking Investments Group, LLC, incorporated in Delaware ("Viking Delaware") for a nominal value of One Hundred Dollars (\$100). At the time of the acquisition, except for a lease obligation related to the Company's office, located at Kerry Centre, 1515 West Nanjing Road, Suite 1002, Shanghai, P.R. China, 200040, Viking Delaware had no assets and no liabilities. By August 29, 2011, Viking Nevis completed the purchase of the China Wood Shares by having delivered a total of 566,813 shares of common stock in China Wood, Inc. to the Company. The China Wood Shares were registered in a Form S-1 Registration Statement declared effective by the SEC on April 7, 2011. The China Wood Shares are subject to a "Leak-Out Provision" whereby only a certain amount of shares can be sold per month up and until the first anniversary of the effective day of the aforementioned registration statement, April 7, 2012. On December 31, 2011, the China Wood shares were fully impaired and charged to the income statements.

On September 26, 2011, the Company entered into a non-competition agreement with Viking Investments Group LLC, a Nevis and St. Kitts corporation ("Viking Nevis") whereby Viking Nevis agreed to cease all operations in China and transfer all rights, title and interest related to its business in China to the Company and its wholly owned subsidiary, Viking Investments Group LLC, a Nevada corporation, in exchange for the Company issuing registered shares of its common stock under a Form S-8 to Viking's staff.

The Company had a net loss of \$3,106,230 and \$25,198 for the years ended December 31, 2011 and December 31, 2010 respectively. The Company had cash balances in the amount of \$7,946. The Company's loss in 2011 was higher than 2010 as a result of an impairment loss recognized for a long-term investment owned by the Company as of December 31, 2011 (See Note 5). The Company had a working capital deficiency in the amount of \$20,075 as of December 31, 2011. The Company's ability to continue as a going concern is dependent upon its ability to generate

Note 1 Nature of Business and Going Concern (continued)

future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan in place to address this concern but considers that the Company will be able to obtain additional funds by equity financing and/or related party advances; however there is no assurance of additional funding being available.

Note 2 Restatement of financial statements

The financial statements for the years ended December 31, 2011 was being restated, and this Annual Report on Form 10-K is being amended, to correct an error in the previously reported items: long term investment, additional paid in capital, net loss, impairment loss in long term investment, and basic and diluted income per common share.

The restatements are being made in accordance with ASC 250, "Accounting Changes and Error Corrections." The disclosure provision of ASC 250 requires a company that corrects an error to disclose that its previously issued financial statements have been restated, a description of the nature of the error, the effect of the correction on each financial statement line item and any per share amount affected for each prior period presented, and the cumulative effect on retained earnings (deficit) in the statement of financial position as of the beginning of the each period presented.

The effects of the adjustments on the Company's previously issued 2011 consolidated financial statement are summarized as follows:

Note 2a

The company has restated its 2011 financial statements to correct an error in the recording of the carrying value of its investment in China Wood, Inc. ("China Wood") (See Note 5).

The Company initially recorded its holdings of the China Wood Shares (defined hereinafter) at its fair value of \$5,065,838 at the date of the transaction, and the Company relied upon Viking Nevis's (defined hereinafter) Guaranty and Repurchase Agreement (defined hereinafter) to determine the value of China Wood Shares, in which Viking Nevis, on April 11, 2012, guaranteed that the price per share of the China Wood Shares that it had previously sold to the Company in consideration of the Company issuing Viking Nevis 14,481,420 shares of Company common stock, would not be less than \$4.50 per share and agreed to repurchase the China Wood Shares by tendering shares of common stock of the Company owned by Viking Nevis to the Company if the 45-day volume weighted average price ("VWAP") of the China Wood Shares was equal to or less than US\$4.00 per share. Accordingly, the Company valued the China Wood Shares at \$4.00/share and an impairment loss of \$2,798,586 was recognized in the Company's previously issued consolidated financial statements for the year ended December 31, 2011.

During the three month period ended June 30, 2013, the Company re-visited the accounting treatment for the above transactions, and determined that the exchange of China Wood Shares was a nonmonetary transaction and, therefore, should be accounted under ASC 845, "Nonmonetary Transactions." The Company further determined that the exchange of shares had no commercial substance due to the fact that the Company's future cash flows were not expected to significantly change as a result of the exchange of the shares. Therefore, the Company has now recorded the value of the China Wood Shares at their carrying value on the transaction date, and the excess of the fair value of purchase consideration over the assets purchased has been charged to additional paid in capital. On December 31, 2011, the China Wood shares were fully impaired and charged to the income statements.

Note 3 Summary of Significant Accounting Policies

a) Consolidated Financial Statements

The financial statements presented herein reflect the consolidated financial results of the Company and its wholly owned subsidiary Viking Delaware. All significant intercompany transactions and balances have been eliminated upon consolidation.

The foregoing audited consolidated financial statements have been prepared in accordance with generally accepted accounting principles or GAAP for consolidated financial information and with the instructions to Form 10-K as promulgated by the Securities and Exchange Commission or the SEC. Accordingly, these consolidated financial statements include all of the disclosures required by generally accepted accounting principles for complete consolidated financial statements. In the opinion of management, the audited consolidated financial statements furnished herein include all adjustments, all of which are of a normal recurring nature, necessary for a fair statement of the results for the period presented.

b) Basis of Presentation

The consolidated financial statements of the Company have been prepared in accordance with generally accepted accounting principles in United States ("US GAAP") and are expressed in U.S. dollars. The Company's fiscal year-end is December 31.

c) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts and timing of revenues and expenses, the reported amounts and classification of assets and liabilities, and disclosure of contingent assets and liabilities. The Company's actual results could vary materially from management's estimates and assumptions. Significant areas requiring the use of management estimates relate to the determination of expected tax rates for future income tax recoveries, stock-based compensation and impairment of long-term investment.

d) Financial Instruments

ASC Topic 820, "Fair Value Measurements and Disclosures," requires disclosure of the fair value of financial instruments held by the Company. ASC Topic 820, "Financial Instruments," defines fair value, and establishes a three-level valuation hierarchy for disclosures of fair value measurement that enhances disclosure requirements for fair value measures. The carrying amounts reported in the balance sheets for receivables and current liabilities each qualify as financial instruments and are a reasonable estimate of their fair values because of the short period of time between the origination of such instruments and their expected realization and their current market rate of interest. The three levels of valuation hierarchy are defined as follows:

- Level 1: inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Note 3 Summary of Significant Accounting Policies (continued)

- Level 2: inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Company provides disclosures regarding financial instruments as prescribed by generally accepted accounting principles. These disclosures do not purport to represent the aggregate net fair value of the Company. The long-term investment was fully impaired as of December 31, 2011. (See Note 5)

e) Cash

Cash includes bank deposits and cash on hand.

f) Loss per Share

Basic net loss per share is computed by dividing the net loss by the weighted-average number of common shares outstanding during the period. Diluted net loss per share is computed by dividing the net loss by the weighted-average number of common shares and, adjusted by any effects of warrants and options outstanding, if dilutive, that may add to the number of common shares during the period.

g) Comprehensive Income

FASB ASC 220 "Comprehensive Income," establishes standards for the reporting and display of comprehensive income and its components in the consolidated financial statements. For the fiscal years ended December, 2011 and 2010, comprehensive loss was \$(3,106,230) and \$ (25,198) respectively.

h) Income Taxes

The Company accounts for income taxes under FASB Codification Topic 740-10-25 ("ASC 740-10-25"). Under ASC 740-10-25, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under ASC 740-10-25, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Company provides a valuation allowance for deferred tax assets for which it does not consider realization of such assets likely. The Company did not incur any material impact to its financial condition or results of operations due to the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Company is subject to U.S federal jurisdiction income tax examinations for the tax years 2006 through 2011. In addition, the Company is subject to state and local income tax examinations for the tax years 2006 through 2011.

Note 3 Summary of Significant Accounting Policies (continued)

i) Stock-Based Compensation

The Company may issue stock options to employees and stock options or warrants to non-employees in non-capital raising transactions for services and for financing costs. The Company has adopted ASC Topic 718 (formerly SFAS 123R), "Accounting for Stock-Based Compensation", which establishes a fair value method of accounting for stock-based compensation plans. In accordance with guidance now incorporated in ASC Topic 718, the cost of stock options and warrants issued to employees and non-employees is measured on the grant date based on the fair value. The fair value is determined using the Black-Scholes option pricing model. The resulting amount is charged to expense on the straight-line basis over the period in which the Company expects to receive the benefit, which is generally the vesting period.

The fair value of stock warrants was determined at the date of grant using the Black-Scholes option pricing model. The Black-Scholes option model requires management to make various estimates and assumptions, including expected term, expected volatility, risk-free rate, and dividend yield. The expected term represents the period of time that stock-based compensation awards granted are expected to be outstanding and is estimated based on considerations including the vesting period, contractual term and anticipated employee exercise patterns. Expected volatility is based on the historical volatility of the Company's stock. The risk-free rate is based on the U.S. Treasury yield curve in relation to the contractual life of stock-based compensation instrument. The dividend yield assumption is based on historical patterns and future expectations for the Company dividends.

j) Long-term investment

Management determines the appropriate classification of investment securities at the time of purchase. Securities are classified held-to-maturity when the Company has both the positive intent and ability to hold the securities to maturity. Held-to-maturity securities are stated at amortized cost. Securities that are bought and held principally for the purpose of selling in the near term are classified as trading securities and reported at fair value, with unrealized gains and losses included in earnings. Securities not classified as held-to-maturity or trading are classified as available-for-sale. Available-for-sale securities are stated at fair value, with the impairment losses, net of income taxes, charged to net income in the period in which it occurs.

The fair value of securities is based on quoted market prices. If a quoted market price is not available, fair value is estimated using quoted market prices for similar securities. A decline in the market value of any available-for-sale or held-for-maturity security below cost that is deemed to be other-than-temporary results in a reduction in carrying amount to fair value.

Impairments that are considered other-than-temporary are recognized as a loss in the consolidated statements of operations. The Company considers various factors in reviewing impairments, including the length of time and extent to which fair value has been less than the Company's cost basis, the financial condition and near-term prospects of the issuer, and the Company's intent and ability to hold the investments for a period of time sufficient to allow for any anticipated recovery in market value.

As December 31, 2011 and 2010, the Company has no trading and held-to-maturity securities. The Company's long-term investment was classified as available-for-sale and was determined to be fully impaired as of December 31, 2011.

k) Recent Accounting Pronouncements

In May 2011, FASB issued ASU No 2011-04, "Fair value Measurement (Topic 820): Amendments to achieve value Measurement and Disclosure Requirements in US GAAP and IFRSs." ASU 2011-04 amends Topic 820 to provide common fair value measurement and disclosure requirements in US General Accepted Accounting Principles ("U.S. GAAP") and International Financial Reporting Standards. Consequently, the amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements, as well as providing guidance on how fair value should be applied where it is used already required or permitted by other standards within U.S. GAAP. ASU No 2011-04 is to be applied prospectively, and early adoption is not permitted. For public entities, the amendments are effective during interim and annual periods beginning after December 15, 2011. The adoption of ASU No. 2011-04 is not expected to have a material impact on our results of operations or our financial position.

In June 2011, the FASB issued ASU No. 2011-05, Presentation of Comprehensive Income ("ASU 2011-05 which is intended to facilitate the convergence of U.S. GAAP and International Financial Reporting Standards ("IFRS") as well as to increase the transparency of items reported in other comprehensive income. As a result of ASU 2011-05, all nonowner changes in stockholders' equity are required to be presented in a single continuous statement of comprehensive income or in two separate but consecutive statements. The option to present other comprehensive income in the statement of changes in equity has been eliminated. ASU 2011-05 is effective for fiscal years beginning after December 15, 2011 and should be applied retrospectively. The Company expects to adopt this standard beginning in 2012. As ASU 2011-05 impacts presentation only, it will have no effect on the Company's consolidated financial statements.

In December 2011, the FASB issued ASU 2011-12, "Comprehensive Income (Topic 220): Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Item Out of Accumulated Other Comprehensive Income in Accounting Standards Update No 2011-05." ASU 2011-12 defers the specific requirement to present items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. ASU 2011-12 did not defer the requirement to report comprehensive income either in a single continuous statement or in two separate but consecutive financial statements. The amendments are effective at the same time as the amendments in ASU 2011-05.

Note 4 Related Party Transactions

On April 3, 2009, the Company entered into an agreement with Viking Delaware, providing that effective August 15, 2008, Viking Delaware will pay for any services performed on behalf of the Company by third parties until such time that Viking Delaware is no longer the majority shareholder of the Company. On August 2, 2011, effective as of April 1, 2011, Viking Delaware will advance and pay all third party costs for SinoCubate as needed, but SinoCubate has an obligation to reimburse Viking Delaware at a later stage upon demand from Viking Delaware. As of August 29, 2011, Viking Delaware's rights and obligations are transferred to Viking Nevis.

For the year ended December 31, 2011, Viking Delaware assumed the rental, wages, professional service fee, and other office expenses in the aggregate amount of \$769,378 on its own. For the year ended December 31, 2010, Viking Nevis disbursed professional and other service fees in the aggregate amount of \$25,198 to be repaid by the Company to Viking Nevis on demand.

On June 29, 2011, and on August 29, 2011, Viking Investments, LLC, a company controlled and managed by the Company's Chairman, Chief Executive Officer and President, Tom Simeo, incorporated under the laws of The Federation of St. Kitts and Nevis, ("Viking Nevis") sold 100,000 and 466,813 shares respectively of China Wood, Inc., publicly listed in the United States with the ticker "CNWD", (the "China Wood Shares") owned by Viking Nevis, in exchange for 1,912,000 and 12,569,420 newly issued restricted shares of SinoCubate respectively (the SinoCubate Shares"). By August 29, 2011, Viking Nevis completed the purchase of the China Wood Shares by having delivered a total of 566,813 shares of common stock in China Wood, Inc. to the Company. The China Wood Shares were registered in a Form S-1 Registration Statement declared effective by the SEC on April 7, 2011. The China Wood Shares are subject to a "Leak-Out Provision" whereby only a certain amount of shares can be sold per month up and until the first anniversary of the effective day of the aforementioned registration statement, (April 7, 2012).

These investments were fully impaired as of December 31, 2011 and were repurchased on April 15, 2013. (See Note 5 and 12)

On June 29, 2011, and on August 29, 2011, Viking Investments, LLC, a company controlled and managed by the Company's Chairman, Chief Executive Officer and President, Tom Simeo, incorporated under the laws of The Federation of St. Kitts and Nevis, ("Viking Nevis") sold 100,000 and 466,813 shares respectively of China Wood, Inc., publicly listed in the United States with the ticker "CNWD", (the "China Wood Shares") owned by Viking Nevis, in exchange for 1,912,000 and 12,569,420 newly issued restricted shares of the Company respectively.

As stated in Note 2, the Company, in valuing of the China Wood Shares, had initially relied upon Viking Nevis's Guaranty and Repurchase Agreement, to value the China Wood Shares at \$4.00/share in its financial statements for the year ended December 31, 2011. During the three month period ended June 30, 2013, the Company re-visited the accounting treatment for the above transactions, and determined that the exchange of China Wood Shares was a nonmonetary transaction and, therefore, should be accounted under ASC 845, "Nonmonetary Transactions." The Company further determined that the exchange of shares had no commercial substance due to the fact that the Company's future cash flows were not expected to significantly change as a result of the exchange of the shares. Therefore, the Company has now recorded the value of the China Wood Shares at their carrying value on the transaction date, and the excess of the fair value of purchase consideration over the assets purchased has been charged to additional paid in capital. The Company restated its financial statements as of December 31, 2011, and all financial statements subsequent to that date, to record the China Wood Shares at carrying value on the transaction date, and such value was fully impaired as of December 31, 2011.

Note 6 Expenses

Expenses including the rental, professional service fee, other office expenses for the years ended December 31, 2011 and December 31, 2010 were \$3,106,244 and \$25,198, respectively, were all assumed by the major stockholders.

(b) Common Stock

On June 29, 2011 and August 29, 2011, the company issued 1,912,000 and 12,569,420 shares of common stock, par value \$0.001 per share respectively, to Viking Nevis, to exchange for common shares 100,000 and 466,813 common shares of China Wood, Inc., which is publicly listed in the United States with the ticker "CNWD", (the "China Wood Shares") owned by Viking Nevis. (note 2)

Note 10 Capital Stock and Additional Paid-in Capital (continued)

On October 26, 2011, the Company issued 2,812,923 shares of common stock, par value \$0.001 per share, to Tom Simeo (2,160,000 shares), Meilong Fu (300,000 shares), Fengying Zhong (203,720 shares), David Rees (60,000 shares), Lily Jin (75,453 shares) and Howard Lee (13,750 shares) respectively for services rendered under their respective consulting agreement. The Company recorded the new issuance of share into Common Stock with the corresponding credit and debit figures to Additional Paid-in Capital and net income respectively.

In year 2011, the Company issued 263,780 shares of common stock, par value \$0.001 per share, to Guifang Chang (78,419 shares), Xiaochun Zhang (125,361 shares), Gordon Lin (35,000 shares) and Wei-Wei Zhang (25,000 shares) for their new investment made to the Company. The Company recorded the new issuance of share into Common Stock with the corresponding credit and debit figures to Additional Paid-in Capital and Cash respectively.

(c) Stock-based Compensation payment

The stock warrants granted during 2009 were exercisable immediately, the fair value on the grant date using the Black-Scholes option pricing model was \$24,020, and have been recorded as compensation costs for year ended December 31, 2009.

Assumption used to estimate the fair value of stock warrants on the granted date is as follows:

<u>Issuance Date</u>	<u>Expected volatility</u>	<u>Risk-free rate</u>	<u>Expected term (years)</u>	<u>Dividend yield</u>
December 16, 2009	204.70%	0.11%	3	0.00%

The Company did not issue any stock options or warrants during 2010 and 2011. In 2011, the Company cancelled all options and warrants issued in 2009.

Note 11 Risk Management

The Company is exposed to financial risks due to the nature of its business and the financial assets it holds. A summary of the Company's risk exposures as it relates to financial instruments are reflected below:

(a) Market risk

Market risk is the risk that the fair value from a financial instrument will fluctuate because of changes in market prices. The Company will be exposed to potential losses if the price of the long-term investment it hold decreases.

(b) Liquidity risk

The Company manages liquidity risk by maintaining sufficient cash balances to meet operation expense requirement in addition to expenses assumed by majority shareholders.

(c) Credit Risk

Credit risk arises from cash and deposits with banks and financial institutions. To minimize the credit risk the Company places these instruments with a high credit quality financial institution.

Note 12 Subsequent Event

On April 11, 2012, Viking Investments Group, LLC (Nevis) guaranteed that the price of the 566,813 shares of China Wood Inc., publicly listed in the United States with the ticker symbol "CNWD" (the "China Wood Shares"), that it had previously sold to the Company would not be less than \$4.00 per share, and agreed to repurchase the China Wood Shares by tendering shares of common stock of Buyer owned by Guarantor to Buyer if the 45-day volume weighted average price ("VWAP") of the China Wood Shares is equal to or less than US\$4.00 per share. As the 45-day VWAP of the China Wood Shares has been \$4.00/share since the fourth quarter of 2012, the Company demanded Viking Investments Group, LLC repurchase the China Wood Shares, and in a written repurchase agreement executed on April 15, 2013 by both parties, it agreed to do so by returning 7,472,093 shares of the Company's common stock to the Company for cancellation.

As stated in Note 2, the Company, in valuing of the China Wood Shares, had initially relied upon Viking Nevis's Guaranty and Repurchase Agreement, to value the China Wood Shares at \$4.00/share in its financial statements for the year ended December 31, 2011. During the three month period ended June 30, 2013, the Company restated its financial statements as of December 31, 2011, and all financial statements subsequent to that date, to record the China Wood Shares at carrying value on the transaction date, and such value was fully impaired as of December 31, 2011.

Item 9. Changes in and Disagreements With Accountants on Accounting and Financial Disclosure.

None

Item 9A. Controls and Procedures.

The management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting. Management must evaluate its internal controls over financial reporting, as required by Sarbanes-Oxley Act Section 404 (a). The Company's internal control over financial reporting is a process designed under the supervision of the Company's Chief Executive Officer and Chief Financial Officer to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the Company's financial statements for external purposes in accordance with U.S. generally accepted accounting principles or GAAP.

As of December 31, 2011, management assessed the effectiveness of the Company's internal control over financial reporting based on the criteria for effective internal control over financial reporting established in Internal Control Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and SEC guidance on conducting such assessments. Based on that evaluation, they concluded that, during the period covered by this report, such internal controls and procedures were not effective to detect the inappropriate application of GAAP rules as more fully described below. This was due to deficiencies that existed in the design or operation of the Company's internal controls over financial reporting that adversely affected its internal controls and that may be considered to be material weaknesses.

The matters involving internal controls and procedures that the Company's management considered to be material weaknesses under the standards of the Public Company Accounting Oversight Board were: (1) lack of a functioning audit committee and lack of a majority of outside directors on the Company's board of directors, resulting in ineffective oversight in the establishment and monitoring of required internal controls and procedures; (2) inadequate segregation of duties consistent with control objectives; (3) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of GAAP and SEC disclosure requirements; and (4) ineffective controls over period end financial disclosure and reporting processes. The aforementioned material weaknesses were identified by the Company's chief financial officer in connection with the audit of the Company's financial statements as of December 31, 2010 and communicated the matters to the Company's management.

Management believes that the material weaknesses set forth in items (2), (3) and (4) above did not have an effect on the Company's financial results. However, management believes that the lack of outside directors on the Company's board of directors can result in oversight in the establishing and monitoring of required internal controls and procedures which can affect the process of preparing Company's financial statements.

Management believes that the appointment of one or more outside directors, who shall be appointed to a fully functioning audit committee, will remedy the lack of a functioning audit committee and a lack of a majority of outside directors on the Company's Board. In addition, management believes that preparing and implementing sufficient written policies and checklists will remedy the following material weaknesses (i) insufficient written policies and procedures for accounting and financial reporting with respect to the requirements and application of GAAP and SEC disclosure requirements; and (ii) ineffective controls over period end financial close and reporting processes. Further, management believes that the hiring of additional personnel who have the technical expertise and knowledge will result in proper segregation of duties and provide more checks and balances within the financial reporting department. Additional personnel will also provide the cross training needed to support the Company if personnel turn over issues within the financial reporting department occur. This coupled with the appointment of additional outside directors will greatly decrease any control and procedure issues the Company may encounter in the future.

Management will continue to monitor and evaluate the effectiveness of its internal controls and procedures and its internal controls over financial reporting on an ongoing basis and are committed to taking further action and implementing additional enhancements or improvements, as necessary and as funds allow.

(a) Disclosure Controls and Procedures; Changes in Internal Control Over Financial Reporting

Management has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act") as of December 31, 2011. Based on this evaluation, Management concluded that the Company's disclosure controls and procedures were not effective as of December 31, 2011.

(b) Management Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and Rule 15d-15(f) promulgated under the Exchange Act as a process designed by, or under the supervision of, our principal executive and principal financial officers and effected by our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors; and
- Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on our financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2011. Based on this assessment, management concluded that, as of December 31, 2011, the Company's internal control over financial reporting was not effective based on those criteria.

To remediate our internal control weaknesses, management intends to implement the following measures:

- The Company will add sufficient number of independent directors to the board and appoint an audit committee.
- The Company will add sufficient knowledgeable accounting personnel to properly segregate duties and to effect a timely, accurate preparation of the financial statements.
- Upon the hiring of additional accounting personnel, the Company will develop and maintain adequate written accounting policies and procedures.

The additional hiring is contingent upon the Company's efforts to obtain additional funding through equity or debt for its continued operational activities and corporate expenses. Management expects to secure funds in the coming fiscal year but provides no assurances that it will be able to do so.

We understand that remediation of material weaknesses and deficiencies in internal controls are a continuing work in progress due to the issuance of new standards and promulgations. However, remediation of any known deficiency is among our highest priorities. Our management will periodically assess the progress and sufficiency of our ongoing initiatives and make adjustments as and when necessary.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant rules of the SEC that permit us to provide only management's report in this annual report. On July 21, 2010, President Obama signed the Dodd-Frank Wall Street Reform and Consumer Protection Act. Included in the Act is a provision that permanently exempts smaller public companies that qualify as either a Non-Accelerated Filer or Smaller Reporting Company from the auditor attestation requirement of Section 404(b) of the Sarbanes-Oxley Act of 2002.

There was no change in our internal control over financial reporting during the quarter ended December 31, 2011 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Family Relationships

There are no family relationships between any of the Company's officers and directors.

Audit Committee and Audit Committee Financial Expert

The Company does not currently have an audit committee financial expert, nor does it have an audit committee. The Company's entire board of directors handles the functions that would otherwise be handled by an audit committee. The Company does not currently have the capital resources to pay director fees to a qualified independent expert who would be willing to serve on its board and who would be willing to act as an audit committee financial expert. As its business expands and as it appoints others to its board of directors, the Company expects that it will seek a qualified independent expert to become a member of its board of directors. Before retaining any such expert the Company's board would make a determination as to whether such person is independent.

Code of Ethics

The Company has not yet formally adopted a written code of ethics to be applied to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. Based on its small size, limited financial and human resources, the Company has not adopted written code of ethics.

Item 13. Certain Relationships and Related Transactions

Related Transaction

On September 22, 2008, the Company entered into an agreement with Viking, (the Company's majority shareholder which is in turn controlled by and managed by Tom Simeo, the Company's chairman, chief executive officer and president), relating to the issuance of 284,637 new shares of the Company's common stock to Viking in exchange for the release of Synthenol by Viking from an obligation to repay certain outstanding promissory notes and debt of Synthenol owing to Viking in the aggregate amount of \$270,405 (inclusive of principal and interest) as reported on a Current Report on Form 8-K filed with the SEC on September 24, 2008. The amount of the newly issued shares was determined by dividing \$270,405 by \$0.95 which price is equal to the price per share Viking paid for certain shares of Synthenol common stock pursuant to a stock purchase agreement dated as of August 15, 2008. The transaction was recorded at exchange values.

On April 3, 2009, the Company entered into an agreement with Viking, providing that effective August 15, 2008, Viking will pay for any services performed on behalf of the Company by third parties until such time that Viking is no longer the majority shareholder of the Company.

For the fiscal year ended December 31, 2010, Viking assumed professional and other service fee in the aggregate amount of \$25,198 as its own. For the fiscal year ended December 31, 2009, Viking assumed professional and other service fee in the aggregate amount of \$28,004 as its own.

On June 29, 2011, and on August 29, 2011, Viking Investments Group, LLC, a company controlled and managed by the Company's Chairman, Chief Executive Officer and President, Tom Simeo, incorporated under the laws of The Federation of St. Kitts and Nevis, ("Viking Nevis") sold 100,000 and 466,813 shares respectively of China Wood, Inc., publicly listed in the United States with the ticker "CNWD", (the "China Wood Shares") owned by Viking Nevis, in exchange for 1,912,000 and 12,569,420 newly issued restricted shares of SinoCubate respectively (the SinoCubate Shares"). On August 29, 2011, the Company acquired, from Tom Simeo, the Company's Chairman, Chief Executive Officer and President, Viking Investments Group, LLC, incorporated in Delaware ("Viking Delaware") for a value of One Hundred Dollars (\$100). By August 29, 2011, Viking Nevis completed the purchase of the China Wood Shares by having delivered a total of 566,813 shares of common stock in China Wood, Inc. to the Company. The China Wood Shares were registered in a Form S-1 Registration Statement declared effective by the SEC on April 7, 2011. The China Wood Shares are subject to a "Leak-Out Provision" whereby only a certain amount of shares can be sold per month up and until the first anniversary of the effective day of the aforementioned registration statement, April 7, 2012. On December 31, 2011, the China Wood shares were fully impaired and charged to the income statements.

Indebtedness of Management

Other than as disclosed, there were no material transactions, series of similar transaction, current transactions, or series of similar transactions, to which the Company or any of its subsidiaries was or is to be a party, in which the amount involved exceeded \$120,000 or 1% of the Company's total assets as of December 31, 2011 and in which any director or executive officer, or any security holder who is known to the Company to own of record or beneficially more than five percent of the Company's common stock, or any member of the immediate family of any of the foregoing persons, had a material interest.

Item 14. Principal Accounting Fees and Services

1. Audit Fees

Fees billed by its auditors for auditing and review of the Company's annual financial statements included in the Company's annual reports on Form 10-K and quarterly reports on Form 10Q for services that are normally provided by the accountants in connection with statutory and regulatory filings or engagements for those fiscal years, are as follows:

	<u>2011</u>	<u>2010</u>
Schwartz Levitsky Feldman LLP	\$ 25,000	\$ 9,000

2. Audit-Related Fees

There were no additional fees billed in each of the last two fiscal years for assurance and related services by the principal accountant, Schwartz Levitsky Feldman LLP that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under Item 9 (e)(1) of Schedule 14A.

3. Tax Fees

There were no professional services rendered by the principal accountant, Schwartz Levitsky Feldman LLP for tax compliance, tax advice and tax planning.

4. All Other Fees

GUARANTY AND REPURCHASE AGREEMENT

This Guaranty and Repurchase Agreement (this "Agreement") is made and entered into as of April 11, 2012, by and between Viking Investment Groups, LLC, a limited liability company incorporated under the laws of The Federation of St. Kitts and Nevis (the "Seller") and SinoCubate Inc. a Nevada Corporation (the "Buyer").

WHEREAS, on June 29, 2011 and August 29, 2011, Seller sold 100,000 and 466,813 shares of China Wood Inc., publicly listed in the United States with the ticker symbol "CNWD" (collectively, the China Wood Shares"), and received from Buyer, common shares of Buyer;

WHEREAS, the parties now desire that Seller should guarantee that the per share 45-day volume weighted average price ("VWAP") of the China Wood Shares will be equal to or less than US\$4.00 per share;

NOW THEREFORE, for good and valuable consideration, the adequacy and receipt of which is hereby acknowledged, Buyer and Seller hereby agree as follows:

I. PRICE GUARANTY

1.01 Guaranty. Seller absolutely, unconditionally and irrevocably guarantees that the 45-day

VWAP of the China Wood Shares will not be equal to or less than US\$4.50 per share.

1.02. Repurchase Obligation. If the 45-day VWAP of the China Wood Shares is ever equal to or less than US\$4.00 per share, Seller agrees to repurchase the China Wood Shares by tendering a number of shares of common stock of the Buyer back to Buyer in the following amount: 566,813 multiplied by

\$4.00 divided by the 45-day VWAP of a share of Buyer's common stock. Both parties expressly agree that (1) Seller should never have to transfer more shares of Buyer's common stock to Buyer than Seller received as consideration for Buyer's purchase of the China Wood Shares, and (2) notwithstanding the foregoing provisions in this paragraph, Seller shall never be obligated to transfer more than 14,481,420 shares of common stock of the Buyer back to Buyer. As an example, and not in limitation, if the 45-day VWAP of the China Wood Shares equals US\$3.75 per share, and Buyer's 45-day VWAP of its common stock is \$5.00 per share, Seller shall transfer 453,450.4 shares of Buyer's common stock back to Buyer.

II. MISCELLANEOUS

2.01 No Waiver. Any delay by Buyer to insist upon strict performance of any obligation of Seller hereunder shall not be deemed to be a waiver of strict performance of such obligation or of any other obligation of Seller, and Buyer shall have the right at any time hereafter to insist upon strict performance of any and all such obligations. No waiver of any default or breach of any provision of this Agreement shall be considered a waiver of any other or subsequent default or breach, and no delay or omission in exercising or enforcing any right, remedy or recourse herein after granted shall be construed as a waiver or release thereof or of any other right, remedy or recourse. Acceptance by Buyer of partial payment(s) from Seller shall not constitute a waiver of a default by failure to make full payment.

2.02 Modifications. This Guaranty may be waived, modified or terminated only by a written instrument executed by the party against which enforcement of the waiver, modification or termination is asserted.

2.03 Notice. Unless actual delivery or receipt is required hereby, any notice required or permitted by this Agreement shall be in writing and shall be deemed sufficient upon delivery, when

delivered personally or by overnight courier or sent by fax, or 48 hours after being deposited in the U.S. mail, postage prepaid, addressed to the party to be notified at such party's address as set forth in the Note, or as subsequently modified by written notice. The address for notices to Seller shall be as follows, provided that Seller may change its address for notice to any other location by notifying Buyer of the new address, with such change to become effective ten (10) days after notice of the change of address is given:

Kerry Center
1515 West Nanjing Road, 29th Floor
Shanghai, P.R. China 200040

2.04 Successors and Assigns. This Agreement shall inure to the benefit of the successors and assigns of Buyer, and shall be binding upon the successors, heirs, personal representatives, executors and other successors of Seller. No right or obligation of Seller may be transferred or assigned by Seller without the written consent of Buyer.

2.05 Reformation. If any provision of this Agreement is held to be unenforceable under present or future laws effective while this Agreement is in effect (all of which invalidating laws are hereby waived to the fullest extent possible), the enforceability of the remaining provisions of this Agreement shall not be affected thereby, and in lieu of each such unenforceable provision there shall be added automatically, as part thereof, a provision that is legal, valid and enforceable and as similar in terms to such unenforceable provision as may be possible.

2.06 Entire Agreement. This Agreement constitutes the entire understanding and agreement between Buyer and Seller as to the subject matter hereof, and supersedes all prior written and oral understanding and agreements between Buyer and Seller in connection therewith.

2.07 Time. Time is of the essence of this Agreement and each provision hereof.

2.08 Governing Law; Jurisdiction. This Agreement shall in all respects be governed by and construed in accordance with the laws of the State of Nevada without reference to its choice of law rules. Seller hereby expressly submits to the exclusive, personal jurisdiction of the federal and state courts situated in the State of Nevada, waives any objection that it may now have or hereafter have to the venue of any action in any such court or that any such action was brought in an inconvenient forum, and agrees not to plead or claim the same.

2.09 Service of Process. Seller hereby waives personal service of process and consents that service of process upon it in any action brought with respect to any provision of this Guaranty or any other Transaction Document or the enforcement thereof may be made by certified or registered mail, return receipt requested, or by commercial carrier or by hand, at Seller's address specified in Section 2.03 above, and service so made shall be deemed completed after such service is received at such address. Nothing herein shall affect the right to serve process in any other manner permitted by law.

2.10 Trial by Jury. **SELLER HEREBY IRREVOCABLY WAIVES THE RIGHT TO A TRIAL BY JURY IN ANY AND ALL ACTIONS OR PROCEEDINGS BROUGHT WITH RESPECT TO ANY PROVISION OF THIS AGREEMENT OR ANY OTHER TRANSACTION DOCUMENT OR THE ENFORCEABILITY THEREOF.**

2.11 Interpretation. The section headings contained in this Agreement are solely for the purpose of reference, are not part of the agreement of Seller and shall not in any way affect the meaning or interpretation hereof. All words used herein shall be construed to be of such gender or number as the circumstances require. Unless otherwise specifically noted, the words "herein," "hereof," "hereby," "hereunder," and words of similar import refer to this Agreement as a whole and not to any particular section or other subdivision of this Guaranty. Whenever the term "including" or a similar term is used herein, it shall be read as if it were written "including by the way of example only and without in any limiting the generality of the clause or concept to which reference is made." This Agreement shall be construed as though both Buyer and Seller had drafted it.

IN WITNESS WHEREOF, Buyer and Seller have executed this Guaranty as of the date first set forth above.

REPURCHASE AGREEMENT

This Repurchase Agreement (this "Agreement") is made and entered into as of April 15, 2013, by and between Viking Investment Groups, LLC, a limited liability company incorporated under the laws of The Federation of St. Kitts and Nevis (the "Guarantor") and Viking Investments Group, Inc., a Nevada corporation (the "Buyer").

WHEREAS, on April 11, 2012, Guarantor agreed in a Guaranty and Repurchase Agreement (the "Guaranty Agreement") to repurchase 566,813 shares of China Wood Inc., publicly listed in the United States with the ticker symbol "CNWD," (the "China Wood Shares"), from Buyer by tendering shares of common stock of Buyer owned by Guarantor to Buyer if the 45-day VWAP of the China Wood Shares was equal to or less than US\$4.00 per share;

WHEREAS, the 45-day VWAP of the China Wood Shares is equal to US\$4.00 per share;

NOW THEREFORE, for good and valuable consideration, the adequacy and receipt of which is hereby acknowledged, Buyer and Guarantor hereby agree as follows:

I. REPURCHASE

1.01. Repurchase Obligation. Guarantor hereby repurchases the China Wood Shares from the

Buyer by tendering 7,472,093 shares of common stock of the Buyer back to Buyer.

II. MISCELLANEOUS

2.01 Modifications. This Repurchase Agreement may be waived, modified or terminated only by a written instrument executed by the party against which enforcement of the waiver, modification or termination is asserted.

2.02 Successors and Assigns. This Agreement shall inure to the benefit of the successors and assigns of Buyer, and shall be binding upon the successors, heirs, personal representatives, executors and other successors of Guarantor. No right or obligation of Guarantor may be transferred or assigned by Guarantor without the written consent of Buyer.

2.03 Reformation. If any provision of this Agreement is held to be unenforceable under present or future laws effective while this Agreement is in effect (all of which invalidating laws are hereby waived to the fullest extent possible), the enforceability of the remaining provisions of this Agreement shall not be affected thereby, and in lieu of each such unenforceable provision there shall be

added automatically, as part thereof, a provision that is legal, valid and enforceable and as similar in terms to such unenforceable provision as may be possible.

2.04 Entire Agreement. This Agreement constitutes the entire understanding and agreement between Buyer and Guarantor as to the subject matter hereof, and supersedes all prior written and oral understanding and agreements between Buyer and Guarantor in connection therewith.

2.05 Governing Law; Jurisdiction. This Agreement shall in all respects be governed by and construed in accordance with the laws of the State of Nevada without reference to its choice of law rules. Guarantor hereby expressly submits to the exclusive, personal jurisdiction of the federal and state courts situated in the State of Nevada, waives any objection that it may now have or hereafter have to the venue of any action in any such court or that any such action was brought in an inconvenient forum, and agrees not to plead or claim the same.

2.06 Service of Process. Guarantor hereby waives personal service of process and consents that service of process upon it in any action brought with respect to any provision of this Guaranty or any other Transaction Document or the enforcement thereof may be made by certified or registered mail, return receipt requested, or by commercial carrier or by hand, at Guarantor's address specified in Section

2.03 above, and service so made shall be deemed completed after such service is received at such address. Nothing herein shall affect the right to serve process in any other manner permitted by law.

2.10 Trial by Jury. **GUARANTOR HEREBY IRREVOCABLY WAIVES THE RIGHT TO A TRIAL BY JURY IN ANY AND ALL ACTIONS OR PROCEEDINGS BROUGHT WITH RESPECT TO ANY PROVISION OF THIS AGREEMENT OR ANY OTHER TRANSACTION DOCUMENT OR THE ENFORCEABILITY THEREOF.**

2.11 Interpretation. The section headings contained in this Agreement are solely for the purpose of reference, are not part of the agreement of Guarantor and shall not in any way affect the meaning or interpretation hereof. All words used herein shall be construed to be of such gender or number as the circumstances require. Unless otherwise specifically noted, the words "herein," "hereof," "hereby," "hereunder," and words of similar import refer to this Agreement as a whole and not to any particular section or other subdivision of this Guaranty.
