NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
March 31, 2007  
Unaudited

Note 1      Interim Financial Statements

These interim unaudited consolidated financial statements have been prepared on the same basis as the annual financial statements and in the opinion of management, reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the Company's financial position, results of operations and cash flows for the periods shown.

The results of operations for such periods are not necessarily indicative of the results expected for a full year or for any future period.

Note 2      Nature and Continuance of Operations

Synthenol Inc. (the "Company") was incorporated under the laws of the State of Florida on May 3, 1989 as Sparta Ventures Corp. and remained inactive until June 27, 1998. The name was changed to Thermal Ablation Technologies Corporation on October 8, 1998 and then to Poker.com, Inc. on August 10, 1999. On September 15, 2003, the Company changed its name to LegalPlay Entertainment Inc. The Company's business to December 31, 2003 was primarily related to the operations of online gaming. In 2004, the Company discontinued the online gaming operations and redirected its business strategy to acquisition of new poker software and market the software to on-line gaming sites worldwide. Accordingly, the Company has been in the development stage since January 2004.

At the Annual General Meeting on November 8, 2006, the shareholders passed a motion approving the change of the Company's name to Synthenol Inc. effective December 18, 2006.

These interim financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may be substantially different from carrying values as shown and these financial statements do not give effect to adjustments that would be necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. At March 31, 2007, the Company had not yet achieved profitable operations, has accumulated losses of \$927,457 since its inception and expects to incur further losses in the development of its business, all of which casts substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan in place to address this concern but considers that the Company will be able to obtain additional funds by equity financing and/or related party advances, however there is no assurance of additional funding being available. Since inception, the Company has funded operations through common stock issuances and related party loans in order to meet their strategic objectives.

As of November 3, 2005, the Company was indebted to Iris International Holdings (“Iris”) for an amount of \$25,000. **Item 2. MANagements' Discussion and Analysis or Plans of Operations**

**OVERVIEW**

Our current business strategy is to acquire new Poker software and market the software to on-line gaming sites worldwide excluding North America. In North America we propose to pursue the licensing of Tournament based subscription games that are legally approved in most States. We are proposing to acquire a License in the Philippines.

We are in immediate need of further working capital and are considering options with respect to financing in the form of debt, equity or a combination thereof.

**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

We have adopted various accounting policies that govern the application of accounting principles generally accepted in the United States of America in the preparation of our financial statements which requires us to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes.

Although these estimates are based on our knowledge of current events and actions we may undertake in the future, they may ultimately differ from actual results. Certain accounting policies involve significant judgments and assumptions by us, which have a material impact on our financial condition and results. Management believes its critical accounting policies reflect its most significant estimates and assumptions used in the presentation of our financial statements. Our critical accounting policies include debt management and accounting for stock-based compensation. We do not have off-balance sheet arrangements, financings, or other relationships with unconsolidated entities or other persons, also known as "special purpose entities".

**RESULTS OF CONTINUING OPERATIONS**

**Three months ended March 31, 2007 compared to three months ended March 31, 2006**

REVENUES. Net sales for the three months ended March 31, 2007 and 2006 were \$nil.

EXPENSES. Operating expenses for the three months ended March 31, 2007 were \$41,102 compared to \$4,814 for the three months ended March 31, 2006. The major expense item for the three months ended March 31, 2007 was the management and consulting fees of \$22,757, as compared to \$3,361 for the three months ended March 31, 2006. This is mainly due to monthly administration fees paid for general office and accounting services. The professional fees were \$14,130 in 2007 as compared to \$2,000 in 2006 for increasing auditing fee.

PROVISION FOR INCOME TAXES. No tax provision was made for the three months ended March 31, 2007 or 2006.

**FINANCIAL CONDITION AND LIQUIDITY**

On March 31, 2007, our working capital deficit was \$253,661 compared to \$212,546 at December 31, 2006. At March 31, 2007, the Company had cash balances totaling \$2,907 compared to \$13,462 at December 31, 2006. We are in immediate need of further working capital and are considering options with respect to financing in the form of debt, equity or a combination thereof.

Net cash used in operating activities for the three months ended March 31, 2007 was \$408,172 compared to \$453,714 for the same period in 2006. The increase in cash used was mainly due to increase in business operation expenses like consulting fees and interest expenses.

[Table of Contents](#)

Net cash provided by financing activities for the three months ended March 31, 2007 was \$35,000 compared to \$nil cash provided at March 31, 2006. The increase was attributed to the proceeds received from notes payable.

The Company's ability to continue as a going concern and fund operations through the remainder of 2007 is contingent upon its ability to raise funds through equity or debt financing.

The Company has arranged loans from third party lenders in order to fund the on going operations of the business. These loans have been secured by way of Promissory Notes.

**Item 3. CONTROLS AND PROCEDURES**

The Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of March 31, 2007. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in ensuring that information required to be disclosed in the reports the Company files under the Exchange Act are recorded, processed and reported as required.
